A Message From Heartland Auctions

When I was 14 years old I visited my Uncle Ben on his farm in Saskatchewan. One day he had me bring a tractor from one field to another, over 20 miles away! I was terrified because I had never started one before, not to mention drive in a field, but 20 miles on the road??? He simply told me how to run it and how to shift. I thought he was nuts, but he had confidence I could do it. I will never forget his words. "Just head two roads east and when you see that Mayfair sign, turn right and it will bring you right to the farm." To this day, I really thought he was going to move that sign!

From driving a silage truck for our friend Gary or helping our neighbour Wilfred to run a combine when he was short a driver..... (a Massey by the way) I appreciated those chances, those opportunities. I always wanted to be involved in farming but there never seemed to be the fit I was hoping for. So I fell in love with my second passion. With over 25 years of experience and great opportunities in broadcasting I continue to work part time for CFCW as an announcer. Working in radio has also strengthened our auction business in advertising, marketing and promotional experiences.

Today my daughter and I have a small farm near Spruce Grove. April has a huge herd of sheep and has been a huge blessing. In 2011 I started this auction company and thanks to our neighbour Bev, our first farm sale was in 2011. It was another great opportunity, with great results and also the last day I ever saw my uncle Ben, who was so proud. We never spoke that afternoon....I just knew he was happy for me.

Heartland Auctions is dedicated to helping you with your auction needs from farm sales, estates, liquidation, consignment sales and now real estate. I want to thank all the consignors and customers, my family and our HLA staff who have all given me the opportunity to work with them. I am also very proud of my father, who has helped me beyond measure. I thank everyone for their help and support as we celebrate 7 years this June. Please have a great 2018, be safe in the field this spring and may you enjoy a 2018, full of opportunity.

Nick Gulka -Owner

TERMS AND CONDITIONS

Auction listings are guides only, goods are sold as is and where is. Heartland Auctions is not responsible for errors in description or accidents while on site. Please inspect and look over all items on offer before sale such as condition, age, make and model. Subject to additions or deletions. Please keep children off machinery to prevent injury. All sales are final and GST will apply on some items.

Purchased items must be paid for after sale and removed from site by the time given at start of auction. Late fee per day may apply. Once an item is purchased it is the responsibility of the buyer. Heartland Auctions is not responsible for items stolen or missing after sale.

View complete terms and conditions on our bid cards or by viewing our web site.

We do not charge a buyers fee for our farm and acreage sales. Cheques accepted if buyer is known to auction company. Bank reference letters accepted.

Phone and absentee bids are available. Settlement in full after sale or before items leave yard. No exceptions.

Nick and his team were well organized, started on time and had a great advertising plan. We had a wonderful crowd with great results. We were very pleased and recommend Heartland Auctions to do your sale.
-Clem Berube- Edmonton, AB

Seen the growth the last 7 years, enjoy Nick's sales and his team is always happy and polite. His daughter is a treasure, well done Heartland. You will have a sale from me one day.
Robert C Davies
Smoky Lake, AB

HLA assisted us in our dispersal sale. Nick had great ideas and enthusiasm, even helped set up at little cost to us. We had a well organized and well attended sale. I would recommend Heartland Auctions for your auction needs.
Ken- Stony Plain Appliances,
Edmonton, AB

I was very disappointed to find out none of the local auction companies would help me with my sale. I guess they only want bigger sales and I just did not have enough for them to make a buck. Thankfully Nick arranged to feature our sale at his fall consignment auction and he even advertised our "small consignment" in the paper. We were impressed with his effort for even the smaller consignors and were thankful he treated us like we consigned a huge farm auction. Very impressed with Heartland Auctions.
B. Craig- Westlock, AB

The costs added up quickly when we had an auction 10 years ago. I was surprised when we had Heartland help us with a clean up sale last year for my dad's estate. He gladly let us include the items in his spring sale at the Ag Barn. Nick does not worry about charging for everything rather including a free advertising package, mowed our grass and even lent a hand for a day to save on costs for the family. We see the improvements and enjoy his genuine personality and respect for the elderly. Thanks Heartland.
Rebecca Ramstad- St. Albert, AB
